

Build a ROV

with OceansWide and the Long Island Explorium!

ROV
(remotely operated underwater vehicle)

**On June 5th and 6th from 4:30-6:30 PM,
educators from
Oceanswide and the Long Island Explorium
are offering an opportunity for young makers to
help build a ROV.**

**On June 9th at the Port Jefferson Eastern Long Island Mini
Maker Faire, we will put these robots to the test with an
underwater obstacle course!**

**This event is available for children ages 10 and up.
The cost is \$5 to participate in all sessions and includes a free ticket to
the Maker Faire (a \$10 value).**
